Saurashtra University – IIC

The university is dedicated to instruction, research, and extending knowledge to the public (public service). Ministry of Education (MoE), Govt. of India has established 'MoE's Innovation Cell (MIC)' to systematically foster the culture of Innovation among all Higher Education Institutions (HEIs). The primary mandate of MIC is to encourage, inspire and nurture young students by supporting them to work with new ideas and transform them into prototypes while they are informative years. Saurashtra University is one the Organization that have constituted the IIC to foster the vision of MoE and be a part for the promotion and development of innovation ecosystem.

Brief about Event

Effective and Personalized Herbal Cosmetics Making workshop, organized by the Centre for Skill Development (CFSD) and the Department of Pharmacy, in collaboration with IIC, Saurashtra University, took place from 06th to 10th January 2025 at the Seminar Hall, Department of Pharmacy, Saurashtra University. The workshop aimed to provide hands-on training in the formulation and development of herbal cosmetics, equipping participants with essential skills in natural product formulation.

The workshop on Effective and Personalized Herbal Cosmetics Making was designed to provide hands-on experience in the formulation and development of various herbal cosmetic products. Conducted over five days, the workshop aimed to enhance participants' knowledge and skills in natural product development.

The event began with registration, breakfast, and an inaugural session on January 6th, followed by practical sessions covering various herbal cosmetic products. Across five days, participants engaged in hands-on sessions on gels, lotions, creams, pastes, scrubs, soaps, face masks, lipsticks, shampoos, and mouthwash formulations. Each session was conducted by experts in the field, including Dr. Priya V. Patel, Dr. Trupesh M. Pathan, Dr. Mehulkumar G. Rana, Dr. Arti A. Bagoda, Dr. Jalpa R. Sondania, Dr. Hiral Mannai, Dr. Mousami Patel, Dr. Monika Sangani, Ms. Stuti V. Pandya, and Mr. Pratap Khunti.

The workshop provided valuable insights into herbal cosmetic manufacturing by focusing on natural and sustainable ingredient selection, formulation techniques, and product development. The practical approach ensured participants gained first-hand experience in creating personalized herbal cosmetics, fostering innovation in the field of herbal product development. The event successfully enhanced skill development and encouraged sustainable cosmetic practices.

Key Points

During the session, below mentioned points were discussed:

- Herbal cosmetics can be used for skincare, hair care, and as antioxidants.
- Herbal cosmetics are free from synthetic chemicals that can be harmful to the skin.
- Herbal cosmetics can have calming aromatherapy effects.
- Herbal cosmetics are less likely to cause side effects than synthetic cosmetics.
- Herbal cosmetic products excel at nurturing and rejuvenating the skin.
- Benefits of Herbal Cosmetics for the hair and skin.

Outcome

The workshop successfully provided in-depth training on herbal cosmetic formulations. Participants gained practical knowledge and hands-on experience in developing various products like gels, lotions, scrubs, soaps, and lipsticks using herbal ingredients. The event fostered skill development and encouraged innovation in herbal cosmetics.
