Saurashtra University – IIC

The university is dedicated to instruction, research, and extending knowledge to the public (public service). Ministry of Education (MoE), Govt. of India has established 'MoE's Innovation Cell (MIC)' to systematically foster the culture of Innovation among all Higher Education Institutions (HEIs). The primary mandate of MIC is to encourage, inspire and nurture young students by supporting them to work with new ideas and transform them into prototypes while they are informative years. Saurashtra University is one the Organization that have constituted the IIC to foster the vision of MoE and be a part for the promotion and development of innovation ecosystem.

Brief about Event

SU Start-up And Entrepreneurship Council & IIC Saurashtra University organized one-day an industrial visit for B. Pharm Sem-8 students on 15 April, 2023 Saturday at IRM ENTERPRISE PVT. LTD. Specialized, research and development based pharmaceutical company that is built to explore and achieve new dimensions in healthcare sector. An interactive visit on the latest trends in the field of Pharmacy.

An Industrial Visit of IRM Enterprise Private Limited (Formerly Karnavati Engineering) Mehsana, Gujarat by B. Pharm 7th Semester students on 17th October 2024. This will help students Familiarization with industry-specific equipment, Knowledge of regulatory compliance. This visit significantly enhanced students understanding of pharmaceutical operations, fostering future pharmacists with practical expertise. The industrial visit to IRM Enterprise Private Limited was an enriching experience, bridging the gap between theoretical knowledge and practical application.

The company has applied for a license to manufacture tablets, capsules and oral liquid general categories. The manager stated that each process flow has process-points that describe the process steps. The process flow is divided into several steps/stages, such as material receiving step, intermediate production stage, intermediate bulk stage, primary and secondary packaging steps and finished product distribution step. Each phase will undergo an inspection process as per the acceptance criteria set by the QA department. He also answered various queries of students during his introductory session.

Then we started visit of different areas. First, we visited Warehouse area which is well maintained and raw materials arranged in well manner. Then we visited QC lab which is well required equipped with different instruments like tablet disintegrator, dissolution, apparatus, fragility tester, hardness tester, etc.

Outcome

As per the visit, students understood products are developed using scientifically validated ingredients and scientifically supported dosing. Students have visited the reputed Pharma industry which helps to develop innovative ideas among the students for the research. The visit to IRM Enterprise Private Limited LTD. was really helpful for students in their career enhancement. Students and Faculty of Saurashtra University participated enthusiastically.

Students get insight regarding the internal working environment of a company and how a company functions, as well as useful information related to the practical aspects of the education course which cannot be visualized in lectures. It was very informative and learning experience for students and faculty members.
