Saurashtra University – IIC

The university is dedicated to instruction, research, and extending knowledge to the public (public service). Ministry of Education (MoE), Govt. of India has established 'MoE's Innovation Cell (MIC)' to systematically foster the culture of Innovation among all Higher Education Institutions (HEIs). The primary mandate of MIC is to encourage, inspire and nurture young students by supporting them to work with new ideas and transform them into prototypes while they are informative years. Saurashtra University is one the Organization that have constituted the IIC to foster the vision of MoE and be a part for the promotion and development of innovation ecosystem.

Event Schedule

3:00	Registration Time
3:10	Welcome
3:15	Awareness session on Opportunities of Bioscience Students in IVF Centers by Dr. Sanjay Desai
4:45	Programme Feedback - Conclusion
5:00	Closing Ceremony

Brief about Event

A session on "Opportunities of Bioscience Students in IVF Centers" was successfully organized on 24th January 2025 by the Department of Bioscience, Placement Cell, SU Startup and Entrepreneurship Council, and IIC Saurashtra University.

The event was held at the Seminar Hall, Department of Bioscience, Saurashtra University, and commenced at 03:00 pm onwards. The objective of the session was to provide insights into the career prospects and roles of bioscience students in In-Vitro Fertilization (IVF) centers.

The guest speaker for the session was Dr. Sanjay Desai, an IVF specialist and Centre Head of Wings IVF Centre, Rajkot. He shared valuable knowledge regarding the significance of bioscience in assisted reproductive technologies, the latest advancements in IVF procedures, and the increasing demand for skilled professionals in this domain.

Students and faculty members actively participated in the session, engaging in discussions about career pathways, skill requirements, and the impact of bioscience in fertility treatment. Dr. Desai also addressed queries related to research opportunities and job prospects in IVF centers.

The session proved to be highly informative and beneficial for bioscience students, equipping them with industry-relevant insights and future career guidance. The event concluded with a vote of thanks, acknowledging the contributions of the organizing committees and the esteemed speaker.

Key Points

During the session, below mentioned points were discussed:

- Laboratory Technicians
- Embryologists
- Genetic Counselors
- Research Roles
- Clinical Support
- Quality Control
- Bioinformatics/Data Analysis

Outcome

The session provided valuable insights into career opportunities for bioscience students in IVF centers. Dr. Sanjay Desai highlighted key skills, industry advancements, and job prospects in assisted reproductive technology. Students gained a better understanding of the field, with many engaging in the Q&A session to clarify career paths and research opportunities. The event successfully bridged the gap between academic knowledge and industry requirements, encouraging students to explore career prospects in IVF technology.
